IMMUNOLOGY OF THE SOUL: THE PARADIGM FOR THE FUTURE

Access Publishers Network, United States, 2010. Paperback. Book Condition: New. 229 x 153 mm. Language: English . Brand New Book. In what some have called a masterpiece, physician Ursula Anderson raises questions about our ability to not only protect our children from physical disease through immunization -- but to protect their souls through new forms of life and spiritual immunization. In light of recent developments surrounding the infamous Genome Project, she raises questions about how we as a civilization can use the energy forces within each of ourselves to ward off dys-functions in thought and deed as well as the dys-eases that attack our bodies and minds. A major work that backs up its theories and questions with hard statistical evidence. Through decades of research and pioneering efforts in pediatrics and preventative medicine, Dr. Anderson is amply qualified to raise the questions she does so poignantly in this book.
