

Exploring Your Options: Tips and Tricks from the Trade Desk

Filesize: 7.66 MB

Reviews

An exceptional ebook along with the typeface employed was intriguing to see. It really is simplistic but surprises within the fifty percent of the ebook. It is extremely difficult to leave it before concluding, once you begin to read the book.
(Brian Miller)

EXPLORING YOUR OPTIONS: TIPS AND TRICKS FROM THE TRADE DESK

Createspace, United States, 2015. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.Over the past several years, I've spoken with hundreds of option traders regarding their positions. Regardless of their strategies, I found that traders regularly made the same mistakes, over and over again. It wasn't that they took a neutral or a bullish position and then had the stock price move against them. That's unavoidable and will happen to everyone. Even if they put on the correct position for the anticipated move in the stock price, many customers failed to properly manage their positions. They didn't focus on the Greek values of their positions, and they didn't pay attention to the events and changes in the marketplace around them. There are literally hundreds of books out there on how to trade options. One book will tell you how you can get rich off of options trading, while another will tell you that you can generate a regular monthly income by trading options. Generally speaking, these books will show you one facet of the options marketplace that you can use to profit. Other books will give you one thousand pages of theory. As one reader stated in his/her Amazon review of a similar publication, They use XYZ stock in all their examples, but none of the discussions are based on anything you find in the real world. This book isn't going to show you how to get rich. It isn't going to give you time proven strategies to generate an income trading options, and it isn't going to show you how to do technical analysis. Instead, I am going to show you the traps and pitfalls you need to avoid when you are...
