From the carrier launch in total darkness to the gut-dropping rolls through enemy anti-aircraft fire, Peter Hunt puts you in the pilots seat for the flight of your life. Moments after the first Gulf War began, attack pilot Pete Hunt was catapulted into the night sky from the deck of the USS Ranger. For the next six weeks, Hunt executed dozens of bombing missions into Kuwait and Iraq, including all-weather low-level attacks, A-6 Intruder missions so hazardous that they would never be flown in combat again. Whether Hunt was dropping laser-guided bombs on precision targets, supporting the Marines on the ground, or conducting attacks along the infamous highway of death, Americas mission was clear to force the invading Iraqi army out of Kuwait. Operation Desert Storm - Americas first full-scale conflict since Vietnam - proved to the world that the U. S. military was still battle-ready after decades of Cold War and set the stage for military interventions for years to come. Hunts gripping depiction of A-6 Intruders in combat is a thought provoking account of what America asks of her military every day. This Gulf War memoir is excellent; it really does put the reader in the cockpit. . . Peter Hunts enthusiastic account is one of the best of the type this reviewer has read in recent years. Peter Mersky, The Hook Journal of Carrier Aviation Book Review, February 2003. This item ships from La Vergne, TN. Paperback.
