Date :2008-6-1. Teaching materials is to improve the standard of teaching is an important task. As a carrier of knowledge. teaching is an essential tool to learn professional knowledge is also inspired thinking to guide book. School leaders and teachers must attach great importance to building materials. Medical College is to train physician assistants to schools. teachers and students want to have to apply this level of medical education materials. Past use of medical education materials. many of the undergraduate textbook compressed version. to the teaching and learning difficult. Specialist teaching materials in order to solve such problems exist. Peking University Medical Press (the former Beijing Medical University Press) in 1993 and 2002 organized the northern North China Hospital of Medical College teachers and teachers. through seminars. professional preparation of clinical materials (first and second editions). and in 2000 organized a nursing specialty materials. Over the past decade. through teaching practice has shown that these two materials have good applicability. many of which material was named the Ministry of Education. 15 and Eleventh Five-Year national planning materials. To further meet the scientific and technological development and the public demand for health care improvement. the implementation of people-centered scientific development concept. improve the quality of specialist medical education. Peking University Medical Press. 2007. decided to organize a nationwide writing about the school's first teacher three editions of the second edition of Clinical Medicine and nursing textbooks. To this end. the establishment of the editorial board materials to promote the reform of teaching materials to further enhance its applicability. With this edition textbook theory enough. with practice. to guide self-study principle. strive to language...
