Createspace, United States, 2012. Paperback. Book Condition: New. Sherrie Giddens (illustrator). 210 x 202 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.During the summer months we hear stories of young children drowning in pools, streams, lakes, and ponds. Helping a child to understand how important it is to wait for an adult may save their life. Kids Don t Float: Water Safety introduces you and your preschooler to the fact that some things float, but kids do not. Engaging as well as fun to read, this cute little book will encourage conversation about water safety between you and your child. The colorful illustrations resemble those that may be drawn by a child within this age group, or perhaps a little older. Through the rhyming flow of the story and the illustrations, young children will find it is easy to relate to the concepts being introduced. The Louisville Science Center lists Kids Don t Float: Water Safety as a title for parents and caregivers to share with children in the their July 2012 newsletter.
