Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Hospital Gazette and Archives of Clinical Surgery, Vol. 3: A Weekly Journal of Medicine, Surgery and the Collateral Sciences; April 25, 1878 In making the incision begin at the median line of the raphe and carry the knife towards the tuberosity of the ischium. You thus divide the fat and the middle perineal fascia. Deeper still you divide the transverse perineal muscle and the transverse perineal artery. The first bleeding that occurs is usually from this artery. After having cut thus far, feel for the grooved staff held in the urethra. Be careful not to carry the knife too far out towards the internal pudic artery. Now direct the point of the knife towards the groove and running it down the groove divide the prostate gland and open a way into the bladder. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
