Most people hope to have a good work life topped off by a reasonable retirement. Shocking as it may be, the latest data shows most people reach retirement only to find that they have little or no money to live on. Its even more shocking to see the drastic changes that that causes in those peoples life styles. To get an idea, visit some nursing homes. Not those you have to pay for. Visit the ones that take care of the people who have little or no money. No one wants to end up like that, so why is this happening Basically, we work and earn a paycheck for two-thirds of our adult lives. Then we retire and live the last third on the funds we built during our working years. In other words, how you live those final 20, 30, 40, or more years depends on how well you prepared your finances to support you. Its your choice. Some want to arrange their finances such that their life styles can remain essentially unchanged as they pass from working to retired. We refer to these as rich. If you want to be part of this group, this book is for you. This version of the book is called the Young Adult Edition. It describes the importance of starting early. It explains how to get started and describes each of the steps in considerable detail. It identifies the key to success. The one thing that rich people do and poor people dont: invest. It describes more than 12 different types of investments that the author has been engaged in. The author provides the good news and the bad news he encountered...
