Reviews

*Excellent electronic book and helpful one. Better then never, though i am quite late in start reading this one. You wont truly feel monotony at whenever you want of your time (that's what catalogues are for relating to when you question me).

WHERE IS THE ROCKET? (HARDBACK)

Blue Apple Books, United States, 2014. Hardback. Condition: New. Barroux (illustrator). Language: English . Brand New Book. A little orange rocket with one little passenger inside takes off across the pages of this fulsomely unique book, exploring spatial relationships, opposites, and words related to distance, placement, and comparison. See the rocket soar up to the left and down to the right. What's on your left? What's on your right? asks the text. Watch the rocket fly over the head and under the snout of a grinning alligator and across a spinning planet in the middle of the book. Where to next? Turn the page, turn the page! A voyage of imagination, as well as a clever expression of language arts, *Where Is the Rocket?* invites readers along for a soaring ride. The celebrated creative team of author Harriet Ziefert and artist Barroux has been lauded for their hand in glove, complementary duet of prose and pictures in such books as *My Dog Thinks I'm a Genius*, *Bunny's Lessons*, and *It's Time to Say Goodnight*.
