Very good eBook and valuable one. Better than never, though I am quite late in starting reading this one. I am very easily satisfied by the possibility of getting a satisfaction of reading through a created publication.

They disputed the prescriptive social and cultural roles ascribed to women and proposed inspiring new definitions of womanhood. Many critics today are oblivious to women's literary achievements during this period, which remain subject to severe critical neglect. This book analyzes and challenges the way in which these important women writers have been marginalized in the annals of French literary history and offers fresh readings and reappraisals of their thematically and aesthetically innovative works.
